- Social Security Retirement
- Medicare

Optional Benefits

(you pay premiums/fees)

- Optional Life Insurance (term)
- Universal Life Insurance
- Supplemental Insurance
- Spouse & Dependent Life Insurance
- Dental & Vision Coverage

Optional Tax-Saving Benefits

(you contribute money toward tax and retirement savings)

- Cafeteria Plan (MoCAFE)
- Deferred Compensation (MO Deferred Comp)
- Health Savings Account (for those who are eligible)

As a benefit-eligible employee with the State of Missouri, your total compensation is more than just the dollars you receive in your paycheck. Benefits are a significant part of your compensation package, but are often overlooked. The ongoing contributions from your employer (*salary and benefits*) represent a significant financial commitment to you and your family. Core benefits are provided to you through various administrators as described in this summary. These benefits are intended to improve your quality of life and assist you in your pursuit of financial security.

The benefit package, as a whole, assists the state in recruiting and retaining qualified employees, which not only reduces the amount of time and money spent on rehiring and retraining new employees, but also preserves institutional knowledge within an agency improving services to Missourians.

Retirement: Pension & Survivor Benefits (mosers.org)

In an effort to help you build a financially secure future, your employer makes monthly contributions to finance your pension benefit. As an eligible state employee, you are automatically enrolled in the Missouri State Employees' Retirement System (MOSERS). Once you meet certain age and service requirements and retire under a MOSERS defined benefit plan, you are guaranteed a lifetime pension benefit.

One of the ways the state rewards your continued employment is by increasing the value of your pension benefit for each additional year of service. In general, the longer you work in a benefit-eligible position, the higher your pension benefit will be. You will receive a personalized Annual Benefit Statement to keep you informed about your benefits.

MOSERS is a defined benefit (DB) pension plan. A DB plan can be either contributory or noncontributory. MOSERS is a noncontributory DB plan for employees who worked in a benefit-eligible position prior to January 1, 2011, but is a contributory DB plan for members employed in a MOSERS benefit-eligible position for the first time on or after January 1, 2011 (members of MSEP 2011 and the Judicial Plan 2011) or former employees who elected a buyout.

The majority of System funding comes from investment earnings. MOSERS invests and professionally manages these funds.

Term Life Insurance (mosers.org)

Life insurance provides your family with financial stability and security when it matters most.

Group term life insurance protects you and your family from financial hardship in the case of your death. Term life insurance does not accumulate cash value and results in a benefit payment only upon the death of the covered individual.

- **Basic Coverage** – As a benefit-eligible employee, the state automatically provides coverage of one times your annual salary (\$15,000 minimum) in basic life insurance at no cost to you. If your death is determined by the insurance carrier to be duty-related, your beneficiaries will receive three times your basic life insurance coverage.
- **Optional & Dependent Coverage**
– You may also be eligible to purchase additional term life insurance coverage for yourself, your spouse, and your dependent children. Contact MOSERS to learn how. The premium will be deducted from your paycheck and will be based on your age and the amount of coverage you select.

¹ MOSERS life insurance benefits are not available to employees of the Department of Conservation or state universities (except State Technical College of Missouri and Lincoln University).

Universal Life Insurance (mhgmovlic.org)

In addition to the term life insurance provided by the state, you may purchase universal life coverage through the Missouri Voluntary Life Insurance Plan (MoVLIC). Universal life coverage offers an easy and affordable way to safeguard your future and provide benefits.

Besides providing death benefits to your family, your universal life insurance plan builds a cash value that can help you with more immediate needs such as sending your children to college or supplementing your retirement income. The premium can be deducted from your paycheck and will be based on your age and the amount of coverage you select. It also offers a long-term care rider.

Supplemental Insurance (worksiteinnovations.com)

In addition to the term life insurance provided by the state, you may purchase supplemental insurance coverage through AFLAC, AFLAC Group or Assurity.

Long-Term Disability Insurance (mosers.org)

Disability insurance is an important part of securing a sound financial future for you and your family because it protects you by providing partial income replacement in the event of a disability.

Will you be able to pay your bills if you become disabled? People insure their lives, health, homes and other possessions. Unfortunately, they often overlook their most important

asset - their ability to earn an income. As a member of a plan administered by MOSERS, the state provides long-term disability (LTD) insurance at no cost to you.²

LTD insurance provides partial income replacement in the event you become disabled, helping to bridge the gap from your date of disability to your recovery or retirement. LTD coverage is intended to help you get back to work.

If you are determined by the insurance carrier to be disabled, your monthly LTD benefit will replace up to 60% of your pre-disability salary. Before disability benefits begin, you must complete a 90-day benefit waiting period or exhaust your unused sick leave as you are entitled to through your employer's sick leave program, whichever is longer. If you receive LTD benefits, you will continue to accrue credible service toward retirement benefits.

² MOSERS long-term disability benefits are not available to employees of state universities (except State Technical College of Missouri and Lincoln University).

Medical Insurance (mchcp.org)

Whether your health care program is administered by MCHCP or your employer, affordable, quality health care is the ultimate goal.

Your health care benefits provide you and your family access to medical care at subsidized group rates. All three of MCHCP's medical plans – the Health Savings Account (HSA) Plan, the PPO 1250 Plan, and the PPO 750 Plan – offer the same basic coverage. Benefits also include prescription drugs, 100% coverage for LiveHealth Online virtual health care visits, and access to a nationwide network of providers. The cost is shared by you and your employer. The employer bears the largest share to subsidize your premium and the premiums for your spouse and/or dependent coverage.

Dental and Vision Coverage (mchcp.org)

MCHCP offers optional vision and dental coverage to members of MOSERS, including Department of Conservation employees.

By giving you the option of choosing benefits you need, neither you nor MCHCP pays for benefits for which you choose not to have coverage. Both plans offer network and non-network services.

Vision coverage includes two plan options – basic or premium– with specific copayments for services received. Both options include coverage for routine vision exams, and provide eyeglasses and contact lenses at discounted rates. Dental benefits include diagnostic and preventive care services, basic and restorative services, and major services. Find a list of covered services at www.mchcp.org.

Deferred Compensation (www.modeferredcomp.org)

The MO Deferred Comp Plan is a retirement savings plan for state of Missouri employees. It's designed to help you save and invest money for your future. The money you save, alongside your defined benefit pension from MOSERS and Social Security benefit, will make up your income in retirement.

FACT: The average state employee¹ saves roughly 6% per paycheck.

Here are a few things you need to know about MO Deferred Comp and your retirement savings:

- **Deferred comp is an important part of your employee benefits package.** The money you save throughout your career will help you afford ongoing and unexpected expenses, health insurance premiums, large purchases, vacations, and more in retirement.
- **You can access your online account by visiting modeferredcomp.org,** through the ESS Portal, or by downloading the MO Deferred Comp mobile app.
- **If you were automatically enrolled² in the Plan, your contribution will be 1% per paycheck.** You can increase your contribution at any time. Contributions will be automatically deducted from your paycheck.
- **The state of Missouri will match your contributions dollar-for-dollar,** if you contribute at least \$25 a month to your MO Deferred Comp account, up to a maximum of \$75 each month. The matching incentive is funded by the state of Missouri and subject to approval of the state's annual budget. College and university employees are not eligible.
- **When you leave state employment, you will have penalty-free access to your 457 retirement savings.**
- **For additional information or to register for a one-on-one meeting or presentation with a financial education professional, visit modeferredcomp.org.**

FACT: Saving with a percent-of-pay instead of a flat dollar amount can help you save more for retirement.

Cafeteria Plan (MoCAFE) (www.asiflex.com)

Would you like to increase your spendable income?

You can save money by avoiding federal, state, and Social Security taxes on the following expenses:

- State-sponsored medical, dental, and vision insurance premiums
- Out-of-pocket medical, dental, and vision expenses
- Child/adult dependent care expenses

You can also save taxes on work-related parking and/or mass transit expenses. You can sign up at any time for these benefits.

The state offers a cafeteria plan program in which you are automatically enrolled to have your medical, dental, and vision insurance premiums deducted from your paycheck before taxes. If you wish to save taxes on health care expenses or dependent care expenses, you have to enroll when you are first eligible or during the annual open enrollment period (October 1 - December 1).

Additional Benefits

Flexible Work Schedule

The state recognizes the need of many employees to work schedules other than traditional work hours. In an effort to accommodate these needs, employees may request a flexible work schedule.

Because of safety, security, customer service, and other concerns, not all agencies offer flexible work schedules. Check with your supervisor to determine whether alternative work schedules are available at your agency.

Strive Employee Life & Family (SELF) Program

The SELF program is MCHCP's Employee Assistance Program (EAP). The SELF program is offered through ComPsych and can help you deal with life's challenges, at no cost to you. State employees eligible for MCHCP medical coverage, and members of their household, may use this program 24 hours a day, every day of the year. You can keep using the SELF program for 18 months following retirement and through the month after if you are laid off. Your household members can use the SELF program for six months after your death.

Workers' Compensation

As a state employee, you may receive workers' compensation for injuries and illnesses arising out of and in the course of your employment. Benefits can include: medical care, payment based on lost wages, and physical therapy.

¹ Data refers to the average 25-year career employee.

² Auto enrollment applies to new permanent part-time and full-time employees and excludes universities and previous temporary or seasonal non-benefit eligible employees. If you were newly hired on or after July 1, 2012 and left state employment on or after January 31, 2017, at rehire your contribution will be what was previously on file. Please review the Notification Concerning Automatic Enrollment for more information.

³ Assumes starting salary of \$35,000, 2% annual salary increases, 6% annual rate of return, and a monthly match up to a maximum of \$75.

Social Security (www.ssa.gov)

Your Social Security benefit provides you with disability benefits, supplemental income at retirement or survivor income for your family in the event of your death. Medicare is a government health insurance program for people age 65, or older (*and some people younger than age 65 with certain medical conditions*).

Medicare (www.medicare.gov)

Medicare helps with the cost of health care, but does not cover all medical expenses or the cost of long-term care. State retirees may wish to continue their state sponsored health care benefit or purchase a Medicare supplement policy. When eligible, you may sign up for Social Security and Medicare through your local Social Security office. Each pay period, you pay 7.65% of your earnings to Social Security and Medicare and the state matches your contribution to these federal programs.

Unemployment Compensation

Unemployment compensation coverage provides you with partial compensation in the event you are laid off or terminated from work for reasons other than misconduct.

Education Assistance

Some agencies offer reimbursement for tuition, fees, and materials to employees in permanent positions who either desire to continue their education or receive a request from their department to pursue continued education. Each department is responsible for approving requests on the basis of the courses being consistent with the department's stated mission. Check with your supervisor to determine whether education assistance is available at your agency.

Paid Holidays

As an eligible state employee, by law, you receive 13 paid holidays each year. (Additional days may be granted by the Governor.)

Annual Leave*

The state's annual leave policy provides eligible employees time off with pay. The amount of annual leave earned is based on your length of service.

Years of Service	Hours Earned Per Month	Maximum Balance
Up to 10 years	10 hours	240 hours
10 - 15 years	12 hours	288 hours
15+ years	14 hours	336 hours

* May differ for college/university members – Check with HR

Sick Leave

As an employee of the state, you may earn sick leave that can later be used when you are ill and cannot report to work. Sick leave for eligible state employees is accrued at the rate of 10 hours per month. This benefit provides you with income during periods of absence due to illness.

Creditable Service at Retirement

If eligible, there are provisions through MOSERS that allow you to receive one month of creditable service for every 168 hours of unused sick leave. At the time you retire, your unused sick leave is converted to creditable service and is added to your total service. It will be used in calculating the amount of your benefit, but not your eligibility for a benefit.

Each administrator has its own contact information and website. For questions regarding a specific benefit, please contact that provider or your human resources (HR) representative.
