Retirement Itinerary Places to Go & Things to Do

The key to successfully navigating the retirement process is knowing what to do and where to start. Begin by contacting your employer's human resources office. There may be certain actions you need to take regarding termination, and you may need their assistance in completing some of the required forms. Next, understand which state and federal benefits are part of your total compensation package, who administers each benefit, and which administrators you'll need to stop and visit along the way. Use this "retirement itinerary" as a checklist of places to go and things to do.

Missouri State Employees' Cafeteria Plan (ASIFlex/Central Bank) Health Care Flexible Spending Account (HCFA)

www.mocafe.com

You have two options if you enrolled in a HCFA for the year in which you will be retiring:

1. **Prepay your remaining contributions** for that year from your final paycheck(s); this allows you to use the plan for the full year. Pre-tax payroll deductions provide the best tax savings; **OR**
2. **Stop your coverage** when you retire. If you do not elect to prepay, contributions stop, and coverage terminates at the end of the month in which the last contribution is made. **Please note:** expenses must be incurred during your coverage period.

Important Coverage Changes

- MOcafe Change of Election Form* – Use Section C to authorize a pre-tax lump-sum payment or stop coverage at retirement. Allow time for your payroll representative to make any deduction adjustments on your last paycheck(s).
