

Are You Eligible?

Missouri Public Pension Exemption

If you are receiving a benefit from a public pension system (such as MOSERS), and file a Missouri state tax return, you may qualify for the Missouri public pension exemption. If you qualify, you will be exempt from paying Missouri state income tax (some or all) on income you receive from MOSERS.

In order to be eligible for the full exemption, your Missouri adjusted gross income must fall within certain income limitations. If your income exceeds the limitation, you may qualify for a partial exemption. The amount of your exemption must be reduced by the amount that your income exceeds the limitation. The limitation is based on your filing status and income (less taxable Social Security benefits) as listed below:

- Up to \$85,000 – single, head of household, or qualifying widow(er)
- Up to \$100,000 – married, filing jointly/combined
- Up to \$85,000 – married, filing separately

The total public pension exemption is limited to the maximum Social Security benefit of each spouse.

MOSERS recommends you contact the Missouri Department of Revenue or a qualified tax advisor for additional information or answers to specific questions about the public pension exemption. Visit their website to [schedule a call with a tax representative](#).

Please be aware that your MOSERS pension benefits are subject to federal income tax, and may be subject to state income tax. You should assess your tax situation each year. Life events such as marriage, divorce, or a change in dependents may impact the amount you wish to have withheld. You may change your withholding election at any time during the year by completing the **Tax Withholding Authorization and IRS W-4P** forms. The amount of withholdings you elect does not change your tax liability. MOSERS staff cannot advise you on how to fill out tax forms or your tax liability as it pertains to your MOSERS pension.

Do You Qualify for a Public Pension Exemption?
